

## My day

I get up at eight o'clock.

Then I read a little bit.

We have breakfast and then I do my homework.

We go out to play.

We have lunch and in the afternoon we play "Aktivity" or "Tiroler Spiel" or "Scotland Yard"

In the evening we see TV or we go in the stable.

Bedtime is on eight o'clock, but in Corona-Times we play out or in the house to eight o'clock then we go in the bed at nine o'clock.

## One of my CORONA-Virus days

In the morning I get up at 9 o'clock. First I go in the bathroom and get dressed. Together with my family I have breakfast. After that I make some homework. Then I help my mother to clean the apartment and to cook the lunch. After the lunch I go to walk the dog OTTO from the neighbors. That make me happy. After the walk I help my Daddy to make<sup>a</sup> rabbitsball, because I get two rabbits. And I am very happy. Sometimes I hop trampoline and ride a bike. After the dinner I play puzzle and watch TV. Then I go to sleep. GOOD NIGHT!
